REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT

Dear Sir:

It is noted that an error appears in this patent of a clerical nature or character as more fully described below and it is believed such error occurred in good faith and correction thereof does not involve such changes in the patent as would constitute new matter or would require reexamination. Accordingly, a Certificate of Correction is requested.

Attached hereto is form PTO/SB/44, the form being suitable for printing.

The error occurs in the patent on the front page at line 63, where the Related U.S. Application Data says that this patent is a Continuation of application number 09/648,947, now Pat. No. 9,460,512. This patent is actually a Continuation of application number 09/460,512, now abandoned.

The error is believed to have been made by the Patent Office since the correct continuity data was provided by applicant's representative. The correct continuity data also appears in PAIR. The error was believed to have been made while publishing the patent.

In the event any fees are due in connection with this paper, authorization is granted to charge such fees to Deposit Account No. 50-1063 [CINGP114USA].
